

Retail Therapy ... shop, shop, shop: Tis' the season to be jolly and in Hong Kong, the shopping frenzy has started. This month we look at our consumer choices vis-a-vis water ... How long can we continue to enjoy a traditional turkey lunch or shall we stuff the turkey and be vegetarian? Where do we shop to avoid giving away toxic presents? What about shopping for water companies - is a big spender a savvy investor or villain in the making? Spent too much money already? There is always true "recycled fashion" - clothes picked out of trash. No really, check out the battle of the bins face-off! Had enough of shopping? Vent your frustrations on social media ... see who else is getting blogged down (or not) with water on Twitter and/or Weibo. Go forth and shop, with water in mind (we wish) ... Happy holidays!
